

Long-Range Communication Flexible Tag **MT-S1**

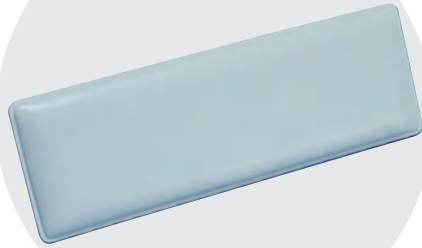

Long-Range Communication Tag with Adhesive

Long-Range Communication with Adhesive

Equipped with adhesive material
Size : 35×107mm

Water Resistance

Flexible tag provides IPX7-equivalent
water resistance

▲ MT-S1

Specifications

Product Name	MT-S1
Read Range (m)	~7.5
Dimensions (mm)	35×107×3.6
Cover Material	EMMA
Tag Color	White
Operating Temperature (°C)	-40~60
IC Chip	Impinj Monza R6-P
EPC/USER (bit)	128/32
Water Resistance	IPX7

*Product appearance and specifications are subject to change for improvement without prior notice.

*The read range is an estimated value based on measurements taken using Voyantic Tagformance Lite and is not a guaranteed specification.

*Operating temperature and water resistance performance have been verified under our internal test conditions; however, these are not guaranteed values.

Applications

▲ Wheelchairs

▲ Medical Equipment

▲ Office Furniture

Important Safety Information

CAUTION

- This product is intended for use as a consumable item. Please note that we do not provide repair services.
- While the product is designed to withstand various environments, please ensure it is suitable for your specific operating conditions before use.
- Please ensure that you thoroughly review all precautions provided in the accompanying binder before use.

Warranty

As this product is classified as a consumable item, we do not offer warranty coverage for failures occurring after use. However, any unused defective product reported within one year of purchase will be replaced.
